DETAILED ACTION

Allowable Subject Matter

1. Claims 1-23 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose a high speed transport system adapted to transport small lot size substrate carriers among the processing tools, each small lot size substrate carrier adapted to transport fewer than a maximum of 13 substrates. The allowability, at least in part, resides in this fact.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
